MARRIAGE UNDER DIFFICULTIES.—Some time since a gentleman called on the clerk of one of our neighboring county courts to get a marriage license. It was given him, and the circumstance passed from the mind of the clerk EVENING at 4 o clock; and will leave Alexuntil three weeks afterwards the same gentleman called for another license, bringing his first to have it cancelled. Upon being questioned in regard to the former license, he said | The Company have made thorough arrangehe "did not marry that gal because she was ments for the transportation of through freight too smart" for him; she wanted to know how to all points north; and connecting with the much money he had, what he was going to do Alexandria, Loudoun & Hampshire, and Orange with it, where he was going to take her, &c., &c., and be had concluded that it was best not to marry a gal that knew so much. The license for "gal" No. 2 was given, and he went off perfectly happy, but returned the next day for another license, to be married to still a diffor another license, to be married to still a ditferent lady. This time he gave as a reason for not having used the second license that "gal" No. 1 had heard of the second engagement and gone to the priest and told him that she was engaged to the gentleman, and forbid the performance of the ceremony; "but," said he,
"I've got her this time; she don't even know that I am acquainted with this gal, and I'm going straight home and get married before straight home and get married before she has time to know anything of it. If any-sail on WEDNESDAY and SATURDAY of marriage, I'll be back again to morrow for another license, for there are a whole field of gals after me." But he succeeded in his last effort, and did not return again. These facts were related to us by the Clerk of the Court. - Rich. Dispatch.

The subscriber has on hand a full assortment of the most approved MANURES, which he is prepared to sell in any quantity desired, at the LOWEST MARKET RATES. As the prices are uniform the farmer can ob-

tain his supplies as well by correspondence as though he were to purchase in person.

I OFFER:

Peruvian Guano, of the best quality. Bolivian Guano. This article comes from the same section as Peruvian, which it closely resembles in texture and appearance. It is much richer in Phosphate, but has less Amonia. For stiff soils or stiff sub-soils it will answer quite as well as Peruvian, and it costs but two thirds the price of that article. Mexican Guano, of four grades.

Ground Bones. Whitelock's Cerealizer. The high reputation borne by this article as the most effective and reliable crop producer made in the United States, induces me to ask the farmer to test it alongside of any manure he may apply.
Woolston's Amoniated Bone Phosphate. This

article is manufactured by the same house, and ontains all the best qualities of Peruvian Guano and Ground Bones. WM. H. IR WIN, and Ground Bones. No. 5, south Union street.

ers and gardeners we guarantee satisfaction, as to quality and prices. We are also engaged in putting up, and will have ready, in a few days, for inspection and sale, a great variety of Flower Seeds, in papers, at five cents each, or fifty cents per dozen, to which we especially invite the attention of the ladies. For a very small sum a beautiful FLOW-ER BED can thus be obtained.

Thankful for the liberal patronage which we received from the public in this line of our trade last year, we respectfully solicit a renewal of the same during the plesent season JANNEY & CO.
